**Instruction for UNIVERSAL
LCD/LED TV REMOTE
CONTROLLER**

Thank you for using our company remote controller products. When it is the first time to put in the batteries, please try it first. If it could work well with all of its functions, the product can be used directly without setup. If it could not work well, it should be set with the following methods before controlling your TV. This remote controller would not lose its memory when you change batteries, no need to reset.

Introduction:
RM-L1195+X is the newest universal LCD/LED TV remote controller. Comprehensive care at different levels need, it can control old or new TV, famous brand or un-famous brand TV, nearly all models for TV. Commonly used functions and menu button all including. Easy setup, conveniently use, it is the best choice for your remote controller losing, damage, replacement, it will bring more convenient for your life.

Battery Installation
In accordance with the “+,-” symbols which is indicated inside the battery cabinet, open the cover and put into two new AAA (AAA) batteries (non-rechargeable), which is shown in the figure.

Battery Description
• The remote controller is a low-power consume product. The lifetime of batteries is about 12 months under normal circumstances. If it is improperly used or operated, the lifetime would be shortened.
• Please do not put old and new batteries or different types of batteries together.
• In case of battery leakage, the batteries must be removed and the battery cabinet should be cleaned.

• You'd better remove the batteries from the battery cabinet if you intend to stop using the remote controller for a long time.

Methods for setting remote controller:

This remote controller has the following methods for setup, you can choose any of them.

A.Inputting code:

1, Turn on your TV set, let your TV set be in the normal state play, and aim the remote controller in the front of the TV.

Find the three digits code from the code list.

2, Press “SET” button, then press “POWER” button, till the indicator lamp lights, then release the buttons, the remote controller will be in the state of inputting code.

3, Enter the first set of three-digit code in order. When you input each digit, the indicator lamp will flash one time, when you enter all of the three digits, the indicator lamp will turn off, setting to be finished. If the code is more than one set, please use first one at first.

4, Test other function buttons can work well or not, such as “MUTE”. If not, repeat steps 2 to 3, until you find the suitable code.

B.Manually searching for the code:
1, Turn on your TV set, let your TV set be in the normal state play, and aim the remote controller in the front of the TV.

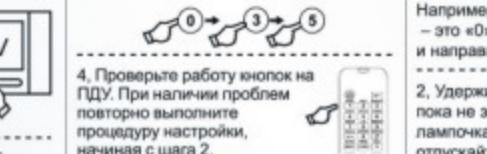

2, Press “SET” button, then press “POWER” button, till the indicator lamp lights, then release the button, the remote controller will be in the state of Manually searching for the code.

3, Press the “VOLUME+” button one time, the indicator lamp will flash one time, please pay attention to your TV, see the volume symbol appears on your TV or not, if not, please repeat this procedure.

4, Till the volume symbol appears on your TV, test other function buttons(except SET, POWER, and VOLUME button) can work well or not, such as “MUTE”. If not, repeat steps 2 to 3, until you find the suitable code.

C.Automatically searching code:

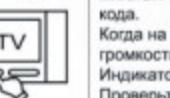

1, Turn on your TV set, let your TV set be in the normal state play, and aim the remote controller in the front of the TV.

4, Проверьте работу кнопок на ПДУ. При наличии проблем повторно выполните процедуру настройки, начиная с шага 2.

В. Способ ручного поиска кода:

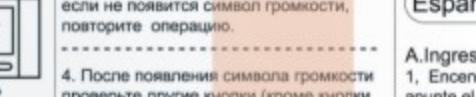

1. Включите телевизор и направьте на него пульт.

2. Одновременно нажимайте кнопки “SET” и “POWER”, пока не загорится индикаторная лампочка. Тогда реле, на этот раз в состоянии ручного поиска.

3. Нажмите кнопку “громкость +”, затем освободите её, когда появится символ громкости, при каждом нажатии индикатор мигает один раз, если не появится символ громкости, повторите операцию.

D.Point to Point Brand Searching:
1, Turn on your TV set, let your TV set be in the normal state play, and aim the remote controller in the front of the TV. Find out the corresponding brand of your TV on this remote control, for example, SKYWORTHY = “0”

4. После появления символа громкости проверьте другие кнопки (кроме кнопки настройки, кнопки питания, кнопки громкости). Если другие функции работают, нажмите кнопку “настройки”, индикатор настройки гаснет, настройка выполнена.

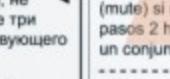

**E.Restore factory Settings**

Press “SET” button, then press “0”, release the button, the indicator will flash two times, the remote controller restore factory Settings

F.С. Модели с функцией автоматического поиска

1, Включите телевизор и направьте на него пульт.

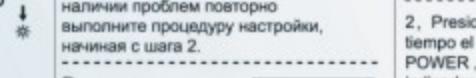

2, Удерживайте нажатой кнопку “SET”, пока не загорится индикаторная лампочка. Индикаторная лампочка начнёт мигать.

Пульт активизировал функцию автоматического поиска. Внимательно смотрите на экран телевизора, не отпуская кнопку “SET”. Введите три первых цифры кода, соответствующего модели телевизора.

3. Проверьте работу кнопок на ПДУ(установите кнопку питания, клавиши регулировки громкости, кроме).

4. Введите три первых цифры кода, соответствующего модели телевизора.

Например, для SKYWORTHY – это «0». Включите телевизор и направьте на него пульт.

3, прайсите el ботон de volumen + una vez y luego suéltelo, ver si el símbolo de volumen aparece en la pantalla de TV, si no se produce tal símbolo, repita el procedimiento.

4, Después de que el símbolo de volumen aparece, prueba otro botón defunción (excepto el ajuste(SET), POWER, VOLUME), si bien el trabajo, pulse el botón de ajuste inmediato y la luz de indicación se apagará, lo que significa que la configuración se ha terminado.

Warm Tips
If you have any problems when you set or use this remote controller, please try to do as follow:

- When you set this remote controller, please do according to the steps of the method “inputting code”. If it can't control your device, Please input the other codes according to sequence.

- If you have input wrong codes, but the indicator still light, you just need to input the correct code. If the indicator turn off, you need to reset from step 1.

- when you use the method “Manually searching for the code”, because the codes are too much, you need to wait patiently

E.Restaurar los ajustes de fábrica

Pulse el botón “SET”, después pulse el número 0, la liberación, el indicador parpadea dos veces, restablecer la configuración de fábrica

Warm Tips
If you have any problems when you set or use this remote controller, please try to do as follow:

- When you set this remote controller, please do according to the steps of the method “inputting code”. If it can't control your device, Please input the other codes according to sequence.

- If you have input wrong codes, but the indicator still light, you just need to input the correct code. If the indicator turn off, you need to reset from step 1.
