Warm Tips

If you have any problems when you set or use this remote controller, please try to do as follow:

- When you set this remote controller, please do according to the steps of the method "inputting code". If it can't control your device, Please input the other codes according to sequence.
- If you have input wrong codes, but the indicator still light, you just need to input the correct code. If the indicator turn off, you need to reset from step 1.
- whe you use the method "Manually searching for the code", because the codes are too much, you need to wait patiently

Technical parameters

- Remote Controlling Distance: About 8 meters (varies by different types)
 - Battery Type: two pieces of AAA Batteries After-sales Service
- If the remote controller has problems or could not be used temporarily, please contact our company as soon as possible. We would make efforts to offer you with best services. But do not disassemble or repair it by yourself. We would not be responsible for remote controllers that have been disassembled without authorization.

To ensure that you could enjoy good after-sales service, please keep the shopping bills or receipts when buying the product.

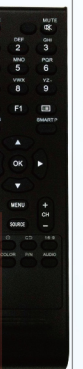

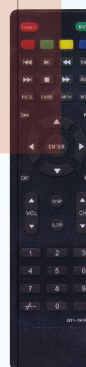

The Company reserves the final interpretation of this specification. The design and technical parameters could be changed without notice.
