Press and hold "2.4G RF IR Learn" for 3 seconds to enter the infrared learning, the indicator light changes from long on to fast flashing. 2. Take learning the power button of "A" remote control as an example. The top of the two remote controllers are close to each other. First press the power button of "A" remote control. When the indicator light of the intelligent remote control becomes long on, then press the power button of the intelligent remote control to learn successfully. 3. When the indicator light is fast flashing, you can learn the next button. If there is no operation within a few seconds, the indicator light goes out, indicating that the infrared learning mode is exited. Then the remote control is in infrared mode.</p> <p><b>USB Receiver</b> The USB receiver is defined as a standard HID device, plug and play, receiving the transmitter's signal and data, support Windows, Android, and iOS systems.</p>		2.4G RF IR Learn	IR learning and mode switching	Voice search	Microphone icon	Voice search	Power	Power button icon	Power	Mute	Mute button icon	Mute	Volume +	Volume up icon	Volume +	Volume -	Volume down icon	Volume -	Home	Home button icon	Home	Return	Return button icon	Return	Menu	Menu button icon	Menu	Mouse ON/OFF	Mouse icon	Mouse ON/OFF	Backspace	Backspace icon	Backspace	Previous track	Previous track icon	Previous track	Next track	Next track icon	Next track	OK	OK button icon	OK	Enter	Enter icon	Enter	Pairing	OK + ↪ icon	Pairing	Clear all key infrared code	OK + ⌂ icon	Clear all key infrared code	Cursor speed +	OK + ↗ icon	Cursor speed +	Cursor speed -	OK + ↙ icon	Cursor speed -	Adjust the backlight color (Colorful Backlight)	OK + ↘ icon	Adjust the backlight color (Colorful Backlight)	ON/OFF the backlight and adjust the backlight brightness (Backlight)	OK + ↛ icon	ON/OFF the backlight and adjust the backlight brightness (Backlight)	<p><b>Voice search function</b> Press and hold to enter the voice search.</p> <p><b>Pairing</b> (Paired successful when out of factory) Insert the receiver into the USB interface of the computer or Android device, press and hold the "OK" + "←" key, and the indicator light flashes to indicate that the pairing is successful.</p> <p><b>Mouse function (Only for mouse version)</b> The mouse function is turned on/off with the "→" key, and is turned on by default.</p> <p><b>Backlight function (only for backlight version)</b> The backlight automatically turns on when the remote control is powered on.</p> <p>① Press and hold "←", then click "↖" to adjust the backlight brightness and turn ON/OFF the backlight. ② Press and hold "↖", then click "↗" to adjust the backlight color. (only for colorful backlight version)</p> <p><b>Product parameters</b> Key number: 17 Transmission distance: ≥10m Standby power consumption: &lt;40 uA Power consumption: about 20~60 mA Product size: 160 x 43.5 x 34 mm Battery type: AAA*2 Materials: plastic and silicone Colour: Black</p> <p><b>Low battery reminder</b> When the battery voltage is lower than 2V, the remote control enters the low voltage mode. In the low voltage mode, the remote control can work normally. When any button is pressed, the remote control indicates that the red light enters a continuous flash state, reminding the user that the battery is lower.</p>	<p><b>Интеллектуальный пульт дистанционного управления</b> Руководство пользователя RU</p>	<p><b>Функция ключа</b></p> <table border="1"> <thead> <tr> <th></th> <th>2.4G RF IR Learn</th> <th>IR learning and mode switching</th> </tr> </thead> <tbody> <tr> <td>Voice search</td> <td>Microphone icon</td> <td>Voice search</td> </tr> <tr> <td>Power</td> <td>Power button icon</td> <td>Power</td> </tr> <tr> <td>Mute</td> <td>Mute button icon</td> <td>Mute</td> </tr> <tr> <td>Volume +</td> <td>Volume up icon</td> <td>Volume +</td> </tr> <tr> <td>Volume -</td> <td>Volume down icon</td> <td>Volume -</td> </tr> <tr> <td>Home</td> <td>Home button icon</td> <td>Home</td> </tr> <tr> <td>Return</td> <td>Return button icon</td> <td>Return</td> </tr> <tr> <td>Menu</td> <td>Menu button icon</td> <td>Menu</td> </tr> <tr> <td>Mouse ON/OFF</td> <td>Mouse icon</td> <td>Mouse ON/OFF</td> </tr> <tr> <td>Backspace</td> <td>Backspace icon</td> <td>Backspace</td> </tr> <tr> <td>Previous track</td> <td>Previous track icon</td> <td>Previous track</td> </tr> <tr> <td>Next track</td> <td>Next track icon</td> <td>Next track</td> </tr> <tr> <td>OK</td> <td>OK button icon</td> <td>OK</td> </tr> <tr> <td>Enter</td> <td>Enter icon</td> <td>Enter</td> </tr> <tr> <td>Pairing</td> <td>OK + ↪ icon</td> <td>Pairing</td> </tr> <tr> <td>Clear all key infrared code</td> <td>OK + ⌂ icon</td> <td>Clear all key infrared code</td> </tr> <tr> <td>Cursor speed +</td> <td>OK + ↗ icon</td> <td>Cursor speed +</td> </tr> <tr> <td>Cursor speed -</td> <td>OK + ↙ icon</td> <td>Cursor speed -</td> </tr> <tr> <td>Adjust the backlight color (Colorful Backlight)</td> <td>OK + ↘ icon</td> <td>Adjust the backlight color (Colorful Backlight)</td> </tr> <tr> <td>ON/OFF the backlight and adjust the backlight brightness</td> <td>OK + ↛ icon</td> <td>ON/OFF the backlight and adjust the backlight brightness</td> </tr> </tbody> </table>		2.4G RF IR Learn	IR learning and mode switching	Voice search	Microphone icon	Voice search	Power	Power button icon	Power	Mute	Mute button icon	Mute	Volume +	Volume up icon	Volume +	Volume -	Volume down icon	Volume -	Home	Home button icon	Home	Return	Return button icon	Return	Menu	Menu button icon	Menu	Mouse ON/OFF	Mouse icon	Mouse ON/OFF	Backspace	Backspace icon	Backspace	Previous track	Previous track icon	Previous track	Next track	Next track icon	Next track	OK	OK button icon	OK	Enter	Enter icon	Enter	Pairing	OK + ↪ icon	Pairing	Clear all key infrared code	OK + ⌂ icon	Clear all key infrared code	Cursor speed +	OK + ↗ icon	Cursor speed +	Cursor speed -	OK + ↙ icon	Cursor speed -	Adjust the backlight color (Colorful Backlight)	OK + ↘ icon	Adjust the backlight color (Colorful Backlight)	ON/OFF the backlight and adjust the backlight brightness	OK + ↛ icon	ON/OFF the backlight and adjust the backlight brightness	<p><b>Функция голосового поиска</b> Нажмите и удерживайте, для активации голосового поиска.</p> <p><b>Сопряжение</b> Вставьте USB приемник в устройство Android, нажмите и удерживайте "OK" + "RETURN", световой индикатор мигнет, пульт сопряжен с устройством.</p> <p><b>Функция подсветки</b> Подсветка автоматически включается/выключается с помощью клавиши "→".</p> <p><b>Инфракрасное обучение</b> (Необходим родной пульт от устройства) (1) Нажмите и удерживайте кнопку "2.4G RF IR Learn" не менее 3 секунд, чтобы перейти в инфракрасный режим обучения (световой индикатор на пульте начнет мигать) (2) В качестве примера рассмотрим использование кнопки «POWER» (Питание) Положите пульты на ровную поверхность друг напротив друга (ИК приемники) на расстоянии 1-3 см. Нажмите на пульте Huayu кнопку на которую вы хотите послать сигнал (пример «POWER») Индикатор загорится, сигнализируя о том, что интеллектуальный пульт готов к обучению Нажмите на родном пульте кнопку, сигнал которой вы хотите перенести (пример «POWER») (3) Индикатор начнет мигать, вы сможете перейти к следующей кнопке. Повторите шаг 2, чередуя кнопки функционал которых вы планируете перенести. В течение нескольких секунд с пультом ничего не происходит, индикатор погаснет, указывая на выход из режима инфракрасного обучения.</p> <p><b>Параметры продукта</b> Количество кнопок: 17 Дальность действия: 10 м Потребляемая мощность в режиме ожидания: &lt;40 uA Потребляемая мощность: 20~60 mA Габариты: 160x43.5x34 mm Тип элементов питания: AAA*2 Материал: пластик и силикон Цвет: Черный</p> <p><b>Напоминание о низком заряде батареи</b> Когда напряжение батареи становится ниже 2В, пульт дистанционного управления переходит в режим низкого напряжения. В режиме низкого напряжения пульт дистанционного управления может работать нормально. При нажатии любой кнопки пульт дистанционного управления показывает, что красный индикатор переходит в режим непрерывного мигания, напоминая пользователю о том, что заряд батареи разряжен.</p> <p><b>USB-приемник</b></p> <p>USB-приемник считается стандартным. Поддержка системы Windows, Android и iOS.</p>
